How to View Users on StudentsAchieve?
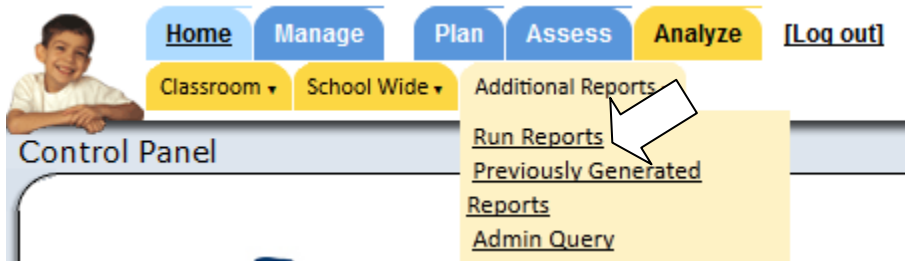

Step 1: From the Home screen, select the Analyze tab followed by Additional
Reports > Run Reports

**Step 2:** Expand Usage/Hit Counters

Step 3: Select the desired report

Login History Report – shows details about the login history for a class
of students and their parents.

School Hit Counter Summary – shows the number and last login time of
students and their parents.

School Hit Totals – shows the number of contacts by students and parents.

Teacher Class Hit Counter – shows the number of contacts by students
and parents.

Step 4: Complete the selection process by selecting on desired fields and
processing report.
